

INSTRUCTIONS

Welcome to Winter Reading!

Join us this year as we encourage you to read outside your comfort zone and reach your reading goals. Here's how you can participate:

1. Visit the library to pick up a gameboard or download one from our website. You can choose which board to play, or try both!
2. Put together your dice template and game pieces.
3. You can play the game alone or with friends. Roll the die, move to the corresponding square, and follow the instructions. Keep going until you reach the "Finish" space. Don't like a square? You can roll again if you like.
4. Tell library staff when you've completed the game and they'll stamp your board with a special edition stamp.
5. Each time you play through, you can enter our Winter Reading Prize raffle.
